

**M e m o r a n d u m**

Date: January 8, 2010

To: Fresno Area

Attention: Captain R. Huerta

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**  
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.17044.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

State Administrative Manual (SAM) Section 8652 requires Departments to conduct a physical count of all state owned property and reconcile the count with accounting records at least once every three years. Departmental records indicate the last command inventory by the Fresno Area was conducted on April 25, 2009. In order to provide independent verification and reasonable assurance to the Office of the Commissioner that California Highway Patrol inventory records are complete and accurate, your command was selected for a property inspection.

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on November 18, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

According to the OPI inventory lists, the command had a total property inventory population of 1,260 items (a). The statistically-valid sample at a 95 percent confidence level  $\pm$  5 percent error rate provided a total stratified sample size of 61 items when rounded up to the next whole number (d).

*Safety, Service, and Security*

	Population Size	Percentage of Total	Calculated Sample Size	Predetermined List Sample Size
	(a)	(b)	(c)	(d)
<b>ICU Decals</b>	523	41.51%	24.49	25
<b>Telecommunications</b>	449	35.63%	21.02	22
<b>Fleet</b>	56	4.44%	2.62	3
<b>Weapons</b>	232	18.41%	10.86	11
<b>Total</b>	1,260			61

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, 50 of the 61 items were located. Three items could not be located (Pager, Citizen Band Radio, and Battery Charger-Radio), six items were transferred out of the command, one item was sent out for calibration/service, and one item was unavailable since the employee was on a regular day off. Furthermore, three of the 50 inspected items require a correction be made to the property record and four were noted to need a replacement tag. The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment assigned to the command to the OPI inventory lists, 46 of the 51 items reconciled. One item was not listed on the appropriate OPI inventory list. The remaining four items require a correction be made to the property record and one was noted to need a replacement tag. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by April 8, 2010.

Furthermore, in accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

Fresno Area  
Page 3  
January 8, 2010

The Office of Inspections would like to thank your command for their assistance during this property inspection. If you have any questions or need additional information, please contact me or Roger Ikemoto, Senior Management Auditor at (916) 843-3160.

A handwritten signature in black ink, appearing to read "M. C. A. Santiago".

M. C. A. SANTIAGO, CIG  
Assistant Commissioner

Figure 1: Schematic representation of the experimental design. The figure shows four horizontal timelines for different groups: 'No treatment', 'Low dose', 'Medium dose', and 'High dose'. Each timeline has a 'Time' axis from 0 to 100. The 'No treatment' group shows a single peak at time 50. The 'Low dose' group shows a peak at time 50 and a smaller peak at time 75. The 'Medium dose' group shows a peak at time 50 and two smaller peaks at times 75 and 90. The 'High dose' group shows a peak at time 50 and three smaller peaks at times 75, 85, and 95. The peaks are labeled with 'P' and 'Q'.
